

Letters to the Editor

THE Editor regrets that because of difficulties in maintaining printing schedules it has been necessary to omit the Letters to the Editor section from this issue. Letters which were scheduled for this issue will appear in the issue of August 1.

In order that the *Physical Review* may be brought out on time it is unfortunately necessary to push back the closing date for Letters to the Editor. In the future, manuscripts for this section must reach the Editor's office five weeks prior to the date of the issue in which they are to appear.

Proceedings of the American Physical Society

MINUTES OF THE 1947 SPRING MEETING OF THE OHIO SECTION

THE Ohio Section of the American Physical Society held its spring meeting at Marietta on Saturday, May 3, 1947. The regrettable coincidence with the Washington meeting of the Society was endured for the sake of cooperation with the Ohio Academy of Science, this being a joint meeting of the Section with Section F of that Academy.

At the Business Meeting, R. S. Shankland was elected Chairman, P. B. Taylor Vice Chairman, and Leon E. Smith was re-elected Secretary-Treasurer.

The programme of scientific papers is appended.

LEON E. SMITH, *Secretary-Treasurer*

1. **Laboratory exercise and thesis possibilities using standard fluorescent lamps.** R. N. THAYER, *General Electric Company, Cleveland.*
