IN the last two paragraphs of the above article, the approximate formula (25) was erroneously compared with one on page 359 of Schelkunoff's *Electromagnetic Waves*. The latter formula does not apply to this case but in the Phys. Rev. **56**, 313 (1939) Schelkunoff gives a curve (No. 6) which agrees with the dashed curve in Fig. 3. The formula from which this curve was drawn is identical with (25) so the two approximations agree.
